

HAASS CONSTRUCTION CO., INC.
1302 East C Street
Casper, WY 82601
haass@tribcsp.com

Haass Construction was started on October 1, 1979 as a small Woman Owned, DBE certified business. They applied for 8(a) status in 2004 and were awarded certification in November of that year. They are also a Pre-Qualified Contractor with the Wyoming Department of Transportation.

The company started out as a small cabinet shop and has grown considerably. Haass Construction's reputation for doing quality and honest work has kept them very busy and able to work in the Wyoming area. The clientele includes the Natrona County Public Library, the Veterans Administration, Wyoming Kidney Center, First Interstate Bank, and Community Health Care of Central Wyoming, Central Wyoming Optometric Center, Converse County Memorial Hospital and several Custom Residential projects.

Haass Construction completed the remodel of the Veterans Administration Outpatient Clinic in Casper. Other government work includes millwork and cabinetry for the Ewing Kerr Courthouse. They also built the new First Interstate Bank in Mills, Wyoming and constructed at 4900 square foot home in Alcova, Wyoming.

They have a 4000 square foot shop with updated machinery for making cabinets and doing custom woodworking and several types of machinery to complete any job. Haass Construction's specialty is all types of Commercial building and remodeling. A full time Master Carpenter is always working in the shop, while there are others supervising and doing carpentry/laborer work on the jobsite.

Please visit the website at www.haassconstruction.com and take a look at some of their recent projects.

Haass Construction Company, Inc. looks forward to working with you!!
